Health Care occupations, training or industries

A Bachelor of Science Degree in Health Care Administration provides graduates with the skills and knowledge required to function as supervisors and managers in healthcare settings. This health care administration degree program prepares healthcare professionals to meet increasing responsibilities in the healthcare system by providing a foundation in management and interpersonal skills. The courses contain information on the healthcare delivery system and its many and varied issues and challenges. Graduates can seek entry-level management positions in hospitals, clinics, and long-term care facilities.
